[The WWWforEurope project](#) : Its mission is to define what kind of development strategy should Europe opt for in the face of the financial crisis and the big challenges ahead: globalization, demographic shifts, climate change and new technologies? What kind of strategy will guarantee Welfare, Wealth and Work for Europe in the long term? www.foreurope.eu

[Evaluating Alternatives to GDP as Measures of Social Welfare/Progress](#), written by The Welfare, Wealth, Work for Europe Project <https://bit.ly/2FwF686>

[The New Economics Foundation](#) : A British NGO that has a plethora of information whose mission is for more than three decades has been to transform the economy so it works for people and the planet neweconomics.org
[Measuring Wellbeing a Short Handbook for Voluntary Organisations and Community Groups](#):
neweconomics.org/2012/07/measuring-wellbeing

[Japan For Sustainability](#): Infinite economic growth is impossible on a planet with finite capacity. We need to shift toward a steady-state economy -- one that can be dynamic while its size stays the same. Ahead of other countries in the world, Japan has entered an era of declining population, which could be a window of opportunity
www.japanfs.org/en/news/steady_state_economy.html

[The Santa Monica Wellbeing Project](#) : The city of Santa Monica is one of a handful of US cities to take a deeper dive into what is needed to thrive for all people, looking beyond economic indicators. The project was started in 2013 and data was collected in 2014. wellbeing.smgov.net/
